

American-Made Steel *American Craftsmanship*

Services For Plastics ball check valves are made from high quality H-13 tool steel and nitrided. Along with better quality, S.F.P. provides customized designing of the ball check valve to successfully work with your brand of molding machine and type of application. And S.F.P. offers them at significantly lower prices than our competitors can offer. S.F.P. ball check valves are the **BEST VALUE** in the industry!

The following list represents a listing of the most popular brands we offer. We have thousands of prints on the major molding machines in North America.

**Higher Quality &
Lower Prices!**

BALL CHECK VALVES

800-627-1033

FRONT DISCHARGE DESIGN

Advantages:

- H-13 Tool Steel and Nitrided
- Excellent Shut-off
- Excellent Repeatability
- Excellent Design for Un-filled Resins

H-13 Tool Steel

A good high strength pre-hardened tool steel which is machined, thru-hardened, and ground dimensionally, then nitride hardened for 72 hours for better wear resistance. H-13 is tough and can handle pressure and torque.

**Side discharge and removable ball type available upon request*
