Camie 303 Foam & Fabric Spray Adhesive

Designed to work well on urethane foam, fabric, metal, supported vinyls, wood, paper and leather. It is orange in color and offers a unique lace spray pattern for low soak-in on polyurethane foam. It offers a soft pliable bond and a better build of glue at the bond line. It is extremely economical compared to other brands.

Packaged twelve 20 fluid ounce (13 oz. net weight) cans per case.

Camie 343 Construction Adhesive

Construction Adhesive is a fast tack, fast grab, low soak-in adhesive. It was especially formulated to bond polyethylene to itself, concrete block, wood, and many other hard-to-bond surfaces. It may also be used to bond paper, cardboard, fabric, urethane foam, foil, metal, wood, and most plastics to themselves and a variety of other substrates. Camie 343 may be used either for a permanent or temporary bond.

Packaged twelve 20 fluid ounce (12 oz. net weight) cans per case.

Camie 365 Hi-Bond High Strength Spray Adhesive

This is a high-temperature, high-strength, contact adhesive. White in color, it has a lace spray pattern for low soak-in to allow more adhesive to remain on the surface where needed. Works well for decorative plastic laminant work, metal, wood, particle board and some plastics such as polypropylene and polyethylene film. Meets MMM-130A edge lift requirements for plastic laminant work.

Packaged twelve 20 fluid ounce (12 oz. net weight) cans per case.
